Very Superior
DAHLIAS
at
Bargain Prices

For two or three years we have been determined to make a really extraordinary Dahlia Offer at the right time.

Everybody admires the Dahlia, and everybody seems to appreciate the splendid types and varieties developed in recent years; but no doubt many people are limited in their buying by the fact that really fine Dahlias are rather expensive.

The demands of our customers for first-grade Dahlias, even at the prices that must usually be charged, has been so great that we have wondered what would happen if sometime, just for once, this obstacle was removed.

So it has been in our minds to make an offer, as soon as we could, at such prices that all our customers might buy freely. We have been watching and preparing.

Now we have the Dahlias; and they are superb. They have cost us so little, compared with what they usually cost, that we can offer them to our patrons at a surprisingly low price. The only thing to regret is that we haven't half the number we should like to have. We can only say that they are available at this unusual price *while they last*.

Shipment will be made after danger of freezing is past. Order now to make sure of yours.

Varieties of Dahlias Offered

FANCIERS will recognize the names of the highly esteemed varieties listed below. Some are new. Some are established favorites. All are of high merit. The roots are in perfect condition and the stock as a whole is as fine as we have ever handled. We divide them into the groups, according to type.

Cactus Type

	Each	Ten		Each	Ten
Attraction: —Rich purple. Beautifully formed flowers, good stem and foliage.	\$.40	\$3.75	of flowers and tips of petals; reflex amaranth pink. The form is perfect, with long, twisted somewhat incurved petals	.65	6.00
Cigarette: —Slender white petals, tipped with brilliant orange. Large beautiful flowers.	.65	6.00	Mrs. Leo Niessen: —Without question the very best cactus dahlia of its type and color. A most beautiful shade of scarlet red, blending to peach red at center of flower, with bright yellow at base of petal and at tips; a reflex sulphur yellow veined and suffused pale peach red, most pleasing and effective. 4 feet.	.40	3.75
George Walters: —Flowers of immense size. Color a rich coppery old gold, tinting to buff at the center. A great popular favorite.	.40	3.75	Mrs. Robert H. Groff: —This, in the opinion of our visitors, is the best pure white cactus. It is of medium size, 5 to 6 inches, and an extremely profuse bloomer. The petals are long, narrow and beautifully curled. The flowers are perfect and full to the center.	.65	6.25
Goldsmidt's Tochterlein: —An exquisitely lovely salmon rose-color, and distinct formation. An early and prouise bloomer. One of the best for garden and cutting.	.65	6.00	Rube Girl: —Color soft yellow, suffused, overlaid and tipped coral red, giving the flower a bronzy effect, that lights up wonderfully under artificial light. Produces perfect flowers facing on long, slender stiff stems.	.25	2.25
Jean Chazot: —Nasturtium red and gold, tipped with yellow, the whole blending into a delightful autumn hue.	.75	7.00	Sunset Glow: —Clear yellow, with faint rose blush. Beautiful for table decoration.	.40	3.75
Mae Grefe: —One of the loveliest of all hybrid cactus dahlias. In color and form, it is all that can be desired. It is a dependable bloomer, especially in summer, when so many varieties fail. The plant is a tall, sturdy, vigorous grower and by dis-budding, you get the giant flowers on 3 to 4 feet stems. A splendid exhibition variety.	1.00		Wissahickon: —A splendid new variety; red tipped buff; eight inches across and produced freely on good stems. A splendid exhibition variety.	.65	6.00
Mary Dorr: —One of the most beautiful of cactus Dahlias and the best of the deep pink and white type. The color is bright tyrian pink, blending to white at center					

Special Offer No. 1:—One strong root of each of the above (12 in all) for \$6.45 Postpaid.

Decorative Type

Audrey Davenport: —A clear milk white that will eventually find its way into every collection. The flowers are splendidly formed and held facing on stiff, slender, erect stems. Size eight inches.	.90	8.50	Gladys Peacock: —The flowers borne facing on very long, stiff stems. The color is lemon yellow at base of petals shading to red. The plant is a very strong, vigorous grower and a free bloomer for such a gigantic flower. The form is fine with very full high pointed center.	1.35	
Bonnie Brae: —Cream shaded blush pink; very large; free bloomer on long, slender stems.	.45	4.25			

ELLIOTT NURSERY CO., 405 MAGEE BLDG. FOURTH AVENUE PITTSBURGH, PA.

	Each	Ten		Each	Ten
Jersey's Beauty: —Glorious, rich pink, the finest of its color. Excellent stems and foliage.	.75	7.00	Perfectly formed, generous sized blossoms on strong stems.	.45	4.25
Judge Parker: —Golden buff, very large. Fine, thrifty plant.	.45	4.25	Post Telegram: —Beautiful full centers, on long stiff slender stems, and an early and profuse bloomer. Color is a brilliant garnet red, richly shaded.	1.25	
Leo Niessen: —The color is a brilliant cardinal red with a glistening sheen. We unhesitatingly recommend Leo Niessen as the best red decorative for exhibition, for the garden and for commercial cut flowers. It blooms under all conditions and is always perfect on long, stiff stems.	2.00		Rodman Wanamaker: —We believe this is the greatest autumn colored dahlia in existence. The color is entirely distinct from any other variety. The buds are pale lemon yellow, as is each petal as it first expands, but it quickly develops into a golden salmon pink, and finally into a beautiful bright shade of ochraceous salmon, with a reflex of spinel pink. Rodman Wanamaker has been grown in trial with all our dahlias and is a wonderful grower of largest size and longest stems. For exhibition cut flowers or for the garden, it is in a class by itself on account of its large size, beautiful coloring, exquisite form, free blooming and long stems.	1.35	
Mrs. I. de ver Warner: —Soft orchid rose pink. Large flowers. Great garden variety.	.45	4.00			
Mrs. J. Harrison Dick: —Here is the dahlia supreme, for cutting or the garden. One of the most valuable varieties of recent production. Color citron yellow at center, outer petals suffused and overlaid salmon pink, a lovely and effective combination, especially under artificial light. The flowers are medium, 5 to 7 inches in diameter.	.35	3.25	Venus: —Color pale lilac; flowers of good form from 6 to 7 inches across, and produced freely on long stiff stems.	.35	3.25
Patrick O'Mara: —Rich chrome yellow with salmon red suffusion.					
Special Offer No. 2: —One strong root of each of the above (12 in all) for \$9.75 Postpaid.

Silver Lace Vine

(*Polygonum Auberti*)

Perfectly hardy plant which covers itself with a quantity of snowy white flowers, borne in long racemes. Remarkable effects can be obtained when this vine is allowed to twine about an old tree. This variety is an improvement on *P. Baldschuanicum*, as its flowers are larger and it is free from the disease which causes so much injury to the other sort. Strong plants, each, 75c; per doz., \$7.50, Postpaid.

Evergreen Bittersweet

The Best Evergreen Vine for America

We have known for several years of the great merit of the vine, *Euonymus radicans vegetus*, so enthusiastically described by Professor Miller, and have been steadily getting up a large stock of it, and now have several thousand plants. It is a sport from *Euonymus radicans*, but absolutely distinct from that vine. Planted in rows and kept sheared, this vine makes a splendid evergreen hedge. It is also a splendid ground-cover plant for either sun or shade.

Perfectly hardy, but when planted in the Fall should be protected with a mulching or 3 inches of stable manure, being careful not to cover the evergreen foliage. Very slow-growing at first, but when well established grows with great vigor. Strong plants, 50c each; \$5.00 per 12; \$35.00 per 100, Postpaid.

A SPECIAL offer of first class Gladioli at a very low price is not entirely new to Elliott experience; but it is a thing that we are able to do only once in several years. Again, as on two former occasions, years ago, we have had the good fortune to secure a quantity of A-Number-One, Elliott Standard, choice variety-bulbs, at a figure that enables us to make such an offer as we enjoy sending out to our patrons.

Gladioli of Rare Merit

At Bargain Counter Prices

The varieties are as below. The bulbs are now stored in our frostproof warehouse. In March, we shall begin shipping to Southern customers. Shipments to colder northern states will be made in April, when danger of frost is past. However, orders should be sent at once, so as to be entered. The earliest will be filled first. Order now.

Elliott's Hand Made XXX Mixture

Guaranteed to Contain 10 Distinct Varieties

All Named Above

25 for \$1.25

50 for \$2.40

100 for \$4.75

The usual method of preparing a mixture of anything is to take so many of this, so many of that and so many of the other, throw them in a pile, and mix them with a wooden shovel. A mixture so made is a perfectly honest mixture but what an individual customer gets out of it is obviously the result of chance.

For this sale only, we will prepare a hand-made mixture. Our new warehouse contains a thousand bins. Every day as required our employees will count out five bulbs each from ten named stocks and put the bulbs into one bin, repeating this operation as often as necessary. In each bin, there will be five of a kind, ten kinds, fifty in all. Consequently to every customer who orders fifty bulbs of this mixture, we guarantee that he will receive ten named varieties, five bulbs of each variety. We further guarantee that all the varieties used are offered in the foregoing named list. We cannot afford, at this price, to pack the bulbs under separate names nor allow the customer to specify what varieties shall be included. The choice of varieties must be left entirely to us.

Customers wishing less than fifty bulbs will have their orders counted from one of these bins. Excepting where the orders calls for bulbs in multiples of fifty, we cannot guarantee that they will be filled with equal quantities of the ten named varieties but it is probable that they will be.

To the best of our knowledge and belief no bulb house in the world has ever before undertaken to prepare a mixture as fine as this and it will probably be years before anyone, ourselves included, can attempt it again.

We pay transportation if cash accompanies order. Canadian customers please add 5c a dozen or 50c a hundred extra for carriage.
